ClimeCo

EcoCommitted™ Partner Program

PROJECTS SUPPORTED

CARBON - RENEWABLE

Improving Local Energy Through Wind Power

This Wind Farm Project works to displace coal-fired energy with renewable power to meet an increasing demand on the power grid.

China - VCS 1037

OPTIONAL PLASTIC IMPACT

PLASTIC RECOVERY

Ocean Bound Plastic Recovery Project

Orphan plastic is prevented from polluting rural coastal communities, protecting waterways and public health.

Vietnam & Cambodia - TonToTon

OPTIONAL WATER IMPACT

WATER RESTORATION

Preserving Iconic River for Wildlife and Recreation

Water leasing agreements with irrigators keeps the river flowing, fostering a healthy ecosystem for a diverse biome.

Oregon - Bonneville Environmental Foundation
